BRUSH UP, NATURALLY

BY LISA EVANS

Unleash the anti-bacterial properties of tea tree oil on bad breath and plaque with Desert Essence's Natural Tea Tree Oil Toothpaste (\$7.79, sold at health stores across the GTA). Tea tree oil is well known for its healing properties, making it a popular herbal remedy for bacterial and fungal skin ailments such as acne and athlete's foot. These same antiseptic qualities work to kill bacteria in the mouth, making tea tree oil nature's cure for bad breath, plaque and gingivitis. Add a minty flavour and you have a deep-cleaning toothpaste that leaves your mouth feeling refreshed.
